FOURTEEN PAGES—THREE CENTS

## MIDWEST FARMS ARE GIVEN GOOD "SOAKING RAIN"

### 4.35 INCHES REPORTED AT VINCENNES

#### Benefit To Growing Crops Will Be Small, Claim

By the Associated Press. The farmers got a "good soaking rain" in many parts of the sunburned midwest Saturday, with more showers promised by the weather experts for what growing things the almost incessant heat wave had left.

New crop reports, however, revealed ravage of July's blazing, record-breaking siege to be tremendous. It was indicated that Iowa's corn crop will be the smallest since 1903, and only 60 per cent of normal. Missouri expected an all time low—a crop 12 per cent of normal, yielding a scanty 7 bushels to the acre.

**Heavy Rain.**

Heaviest rain reported was in Vincennes, Ind., where 4.35 inches fell. Generally heavy rains throughout southern Indiana were taken as breaking the drought. Lightning killed one person during the early morning storms.

A stretch of Kentucky farm land 22 miles long was transformed into a huge, shallow pond by flood waters washing down Tygart creek. Farmers of the Olive Hill section of Greenup county stood ankle deep in mud and counted their entire crops lost, along with much livestock drowned in the swirling water.

A total loss of \$100,000 was estimated. The flood had taken two lives.

Most of the nation sat back to recuperate in cooler weather ushered in by the long-delayed showers, but it was another scorching day in most of Kansas and in Missouri, both burned brown by the high heat. In Kansas City the mercury soared again to 103.

In Moberly, however, where there had been 1.5 inches of rain—the first substantial fall since June—the temperature dropped to 78 from a peak of 112.

One more heat fatality was reported in Vinita, Okla., where dry, 100-plus weather still prevailed; and another in Kansas City, bringing the total for the present heat wave there to 18. Thirty-eight had died in Missouri, 17 of them in St. Louis.

Nebraska scanned cloudy skies (Continued on Page 10)

#### WEATHER

For Jacksonville and vicinity—Partly cloudy and warmer weather is predicted for this vicinity today. Monday will be unsettled.

The U. S. Cooperative Weather Bureau at the Norbury Sanitarium last night gave temperatures as: high 95; current 77 and low 65. Barometer readings were: A. M. 30.31 P. M. 30.19. Rainfall 2.23 inches. Humidity 75 percent.

Chicago and vicinity: Mostly cloudy and slightly warmer Sunday, with occasional showers, ending Monday morning; moderate southeast winds Sunday.

Illinois: Partly cloudy, warmer in north and central, scattered showers in north portion Sunday; Monday unsettled. Indiana: Scattered showers Sunday afternoon or night, probably ending Monday; not much change in temperature.

Wisconsin: Scattered showers Sunday; Monday probably fair; not much change in temperature.

Missouri: Somewhat unsettled Sunday and Monday; cooler in northwest portion Monday.

Iowa: Partly cloudy and warmer, scattered showers Sunday or Sunday night; Monday partly cloudy and cooler.

#### Outlook for Week

Chicago, Aug. 11.—(P)—Weather outlook for the period Aug. 13 to 18: For the region of the Great Lakes—showers beginning of week and again about middle; temperatures near normal.

For the Upper Mississippi and Lower Missouri valleys—scattered showers beginning of week and near middle; temperatures near or above normal over north portion and near or above normal over south portion.

For the Northern and Central Great Plains—generally fair except showers near middle of week; temperatures near normal over north portion and near or above normal over south portion.

#### Entries

Entries have been received from a majority of the states for the livestock, grain and other agricultural exhibits. The national Hereford exhibition and the national Swine show will again be held in connection with the fair. Judging will start Monday, August 20.

The pageantry will be officially opened next Sunday with the veterans day program, at which prizes will be awarded to drill teams, drum corps and bands.

Grand circuit harness races will again be held, to be followed by derby day. Automobile racing is on the program after an absence of several years and hundred mile race sponsored by the American Automobile Association will be held the closing

## INFLATION TALK IS 'SPIKED' BY TREASURY HEADS

### Will Limit Issuance Of New Silver Currency

Washington, Aug. 11.—(P)—The year 1934 dryest, hottest on record Meteorologist Says

Washington, Aug. 11.—(P)—The year 1934—the dryest and hottest on record, thus far.

The weather bureau says so and it has been keeping tab on precipitation and temperature for 70 years.

The drought has been aggravated by

"Nothing remotely approaching the severity of this combination appears in the annals of the weather bureau," J. B. Kinney, weather bureau meteorologist, said today.

Other drought years, notably 1894, 1901, 1910, 1914 and 1920 were exceedingly dry in many sections, he said but no previous 12 months has shown such generally deficient rainfall during April, May, June and July.

Treasury officials explained tonight that under the law they could issue \$129 worth of currency for each 100 ounces of silver. They said, however, that for the "present" since the metal was costing 50.61 cents an ounce, \$50.01 worth of currency would be put out for each 100 ounces newly acquired.

At the same time the \$129 valuation will be used for the \$2,000,000 ounces already bought—meaning that that silver will back around \$80,000 in new money.

To make certain that the \$80,000,000 in new silver certificates gets into circulation immediately, the treasurer is paying them out in preference to other forms of money. Federal Reserve banks also have been asked to pass the currency along as soon as it reaches them.

Silver advocates long have contended that economic ills were due to contraction of the circulation medium, and that addition of silver to the monetary base and the issuance of new currency against that base would improve conditions.

Some treasury officials, more than once, and again today, said privately that the issuance of the new silver currency simply would cause the retirement of Federal Reserve notes. The problem, they reiterated, is one of turnover rather than volume.

But to answer the silverites, apparently, they said, \$80,000,000 in new currency would be issued against the \$2,000,000 ounces of silver bought before the present silver purchase plan was enacted. The metal is valued at the statutory price of \$129 an ounce.

It was emphasized that the treasury was operating on a "24 hour basis" with the possibility that the "high value" certificates might be issued against silver more recently acquired. Or the policy of issuing certificates to an amount equal only to the money paid out for the metal might be followed.

Going to an apartment to keep an appointment with a man called "Fat," Griffin was seized by four men and shot with his own gun—a bullet through his abdomen, another in his neck; one in the head.

His assailants did not stop. They shot him five times more—bullet in the arm, one in the leg, one through his lower side, another shot mashed his left thumb; the eighth cut his right index finger.

But the indestructible young constable was still conscious.

"I pretended I was dead while they dragged me to the car," he told police painfully later this morning, a few hours after it had happened.

"The hardest part was to keep from groaning when they hit bumps. That

hurt terribly."

## ILLINOIS STATE FAIR WILL OPEN NEXT SATURDAY

### Exhibitors Will Compete For \$130,000 In Premiums

Springfield, Ill., Aug. 11.—(P)—Officials today completed preparations for the 82nd annual Illinois State Fair, which will open its eight day program next Saturday, and predict that thousands of visitors would view the exhibits competing for \$130,000 in premiums.

Confidence that drought conditions would not have an adverse effect upon attendance was expressed by Walter W. McLaughlin, director of agriculture, and Edward S. Collins, general manager of the fair.

Governor Horner today extended an invitation to the rural and urban population of the state.

Entries have been received from a majority of the states for the livestock, grain and other agricultural exhibits. The national Hereford exhibition and the national Swine show will again be held in connection with the fair. Judging will start Monday, August 20.

The pageantry will be officially opened next Sunday with the veterans day program, at which prizes will be awarded to drill teams, drum corps and bands.

Grand circuit harness races will again be held, to be followed by derby day. Automobile racing is on the program after an absence of several years and hundred mile race sponsored by the American Automobile Association will be held the closing

## Production is Paralyzed in Larger Plants of Aluminum Industry When Workers Quit

### Burned As Fire Periled Dionne Quintuplets

Pittsburgh, Aug. 11.—(P)—Production was paralyzed in the larger plants of the aluminum industry today by a strike of approximately 10,000 union workers who quit work with the sanction of the American Federation of Labor.

Workers picketed peacefully at plants of the Aluminum Company of America, a Mellon interest, in western Pennsylvania and at the company's factories in Alcoa, Tenn., Massena, N. Y., and East St. Louis, Ill. Several smaller plants in scattered parts of the country continued to operate.

Hundreds of men and women milled about the huge aluminum operations at New Kensington, Pa., the center of the industry, with pickets standing shoulder to shoulder in a solid line at entrances to prevent any workers from entering. Only two minor disturbances occurred.

The company made no attempt to operate the plants and a spokesman said none would be made. He asserted the concern has a sufficient supply of ingots, which are produced in most of the plants, to last three and one half years.

The strike was called after weeks of unsuccessful negotiations between leaders of the Aluminum Workers' council and company officials over the union's demands which include a universal wage system in various plants and a check-off plan for collecting union dues.

Company officials at a recent meeting with union leaders turned down most of the demands.

William Green, president of the American Federation of Labor, said in Washington the next step was up to the company.

"I feel the Aluminum company refused to bargain collectively when it replied to the demands of the workers by letter," Green asserted. "The men will stand there until the management indicates a willingness to bargain collectively or the Labor Relations Board steps in."

Roy A. Hunt, president of the company, said:

"We shall use every effort to avoid violence that would jeopardize human life or property in connection with this present action of the American Federation of Labor."

Expressing surprise and regret the strike had been called, Hunt said the company's attitude toward a "closed shop" or the other demands.

David Williams, a representative of the Labor Federation, denied the "closed shop" question was involved. On the other hand, he charged the company with "insisting on a 'closed door' policy."

The Aluminum company employs about 15,000 workers and an official estimated 4,500 of these were out in the Pittsburgh district. A picket and a foreman were slightly injured in clashes at the Arnold, Pa., plant this morning and one youth was arrested for disorderly conduct.

Demands made by the union include:

A check-off for union dues; seniority rights for workers; a universal wage system for classes of occupation in all plants; a promise there will be no wage cuts; no discrimination against union members.

The company refused the check-off plan, contending it was unnecessary and told the workers its policy was to pay the "going wage rates" in the localities in which they operate. Officials said workers also were advised no wage reductions were contemplated.

Immediately afterward, the employers' advisory committee began preparation of new peace terms for terminating the strike. Spokesmen refused to say if the proposal would be sent to Washington labor officials rather than to the Rev. Francis Haas and E. H. Dunnigan federal mediators here.

"Military rule is preferable under almost any circumstances to mob rule," said the court's decision denying petitions by employers for an injunction restraining the governor from continuing martial rule under which he hopes to compel a strike settlement.

The court expressed belief there was "foundation for the plaintiff's belief that the governor is using his power for the purpose of coercing them into a settlement," but added:

"We are not prepared to find, upon the showing made before us, that the governor's orders have no relation whatever to the necessities of the situation with which he is confronted and fall entirely outside the range of his discretion. While he may personally disagree with the governor as to the manner in which he has handled the entire situation, that will not justify nor permit the relief prayed for."

Employers had challenged the legality of military rule, imposed by the governor, "to maintain law and order after two strikers were killed by police July 20, and contended he had no power to restrict truck movements.

They also claimed there was no reason for the military decree when it was issued.

Governor Olson decreed only trucks carrying necessities or those whose owners subscribed to the Haas-Dunigan peace terms could operate. The plan was rejected by the employers' advisory committee but accepted by strike leaders.

It provided a definite wage scale and reinstatement of employees without retribution.

The court decision was signed by Justice John B. Sanborn of the circuit court and Joseph W. Molyneaux and Gunnar H. Nordbye, of the district court.

The Walmesley forces charged that the militia was placed in the registration office "for the purpose of stealing the election" and that hundreds of Walmesley followers had been refused registration.

As the registration office closed the militiamen who seized it 13 days ago remained encamped inside, giving no indication of early withdrawal.

A citizens' committee representing leading civic business groups visited both camps in the interest of mediation, but without success.

## TWO AMERICANS BREAK OWN SEA DIVING RECORD

### Dangle At End Of Cable 2510 Feet Below Surface

Hamilton, Bermuda, Aug. 11.—(P)—Two American scientists, Dr. William Beebe and Otis Barton, dangled for half an hour today at the end of half a mile of cable, breaking their own deep sea diving record made last year.

Sealed in a two-ton iron ball 2,510 feet below the surface of the ocean, they explored the deepest point ever reached by men who lived to tell about it. They were encased in the apparatus for three hours and 10 minutes.

Two hours and 51 minutes passed from the time the "bathysphere" sank below the surface until their re-appearance. They were in telephone contact with a barge to which the cable was attached. They gave descriptions of their surroundings to a young associate, Gloria Hollister, on the deck of the barge.

Uses Telephone

While Beebe used the telephone, Barton took photographs and moving pictures through the quartz windows of the sphere. The enterprise was carried through without a hitch.

Dr. Beebe began telephoning immediately after the bathysphere had disappeared beneath the surface. Miss Hollister entered his remarks in a log book.

The cable was played out at the rate of 50 feet a minute. At 500 feet Dr. Beebe reported sighting a school of silver squids. At 900 feet he said the water had turned to a deep turquoise blue, and reported seeing a strange fish six feet long.

At 1,200 feet the water had turned black, being totally without light from the surface. The sides of the sphere became very cold.

At 11:00 A. M., the 1933 record depth of 2,200 feet was passed. There was a cheer on deck and the tug let out three blasts on its whistle.

At 2,300 feet Dr. Beebe reported:

"Along the whole beam of my light the water is the loveliest shade of turquoise blue I ever saw."

At 2,15 A. M., the 2,300-foot mark was reached. Ten additional feet of cable was paid out and the order was given to halt while 30 minutes was spent observing and reporting the condition of the ocean at that depth.

The ascent was uneventful.

## The Sparrow

When the storm of July 10 destroyed hundreds of English sparrows in central park, many citizens were thankful. The birds have always been considered a nuisance, and their destruction has been tried many times. The average person has the idea that the sparrows are no good, but it seems their worth was demonstrated at least once in the world's history.

Farmers of France in the days of Louis XIV complained that the sparrows were ruining their crops. The government offered a bounty for the killing of sparrows, and in time the birds were exterminated. For a time all went well.

But in a few years insects increased so much that farm crops were destroyed. An investigation revealed that sparrows furnished food for birds of prey. When the sparrows were gone, the carnivorous birds preyed on the song birds, which are the real insect eaters. Thus the number of song birds was reduced, and the insects made a corresponding increase.

At great expense the French government imported English sparrows and gave the tribe a new start. In a few years conditions returned to normal. This story, more than two centuries old, seems to prove that the sparrow has its place in the scheme of nature and may even be a benefit to man. But Central park is not subject to insect raids, and there is no particular need of sparrows in that locality.

## Thru The Canyon

Another voyage of exploration down the Colorado river and thru the Grand Canyon has been completed. It was a hazardous adventure, resulting in the literal wearing out of one of the four boats in the expedition and several narrow escapes from drowning by members of the party.

The voyage was for 285 miles and required more than 19 days. It was undertaken in the interest of geographic science and to add to the store of human knowledge. There are those who believe that knowledge is not worth the risk of life and limb, but if that idea had been followed consistently, civilization would lack many of its richest treasures of information. During the expedition motion and still pictures were taken, and many relics were collected.

The explorers stopped at one point to bury the skeleton of a man who had evidently been a prospector. Both legs were broken by a fall over a precipitous cliff. Here was one who must have felt there was something in the mountain wilderness worth risking his life to attain. He lost the game, but who can say it was not well played?

The expedition ended at Boulder dam, which is to be another triumph over nature. Built at the head of a giant canyon, it will store water for the irrigation of parched but fertile lands, while nature furnishes a reservoir made to order for a million years.

Voters and Taxes

It used to be that only property owners could vote in some states of the Union. Easing the franchise on property rights and on whether or not the voters pay taxes has long been a moot question. There are those who believe only those who pay taxes to support the government should have a voice in its management.

In the state of Arkansas that seems to be the rule. It is law in that state that no person can vote who does not hold a poll tax receipt. That sort of tax was abandoned in Illinois years ago. It is not based on property, but upon the fact that a man is over 21 years old. It is a tax on the "poll" or the head.

Arkansas has made the paying of the poll tax a prerequisite to the franchise. But the depression, which has changed many things, has not left this rule untouched. One county in Arkansas recently permitted voting without the tax receipt, because so many people had been unable to pay the tax. As a result a vote of 5,000 is expected in the next election, whereas the last vote in that county

was only 1,776. If Arkansas expects her citizens to have a part in the government, she might as well forget the tax receipt and base her franchise on the fact that a voter must be an American citizen.

## What The Heat Did

Now that the heat wave is gone, at least temporarily, we may repeat some of the things that have been reported as heat phenomena, without fear of contradiction. In fact the weather was so hot that some of these things must have happened somewhere.

We are sure a local man fried an egg in a skillet on a concrete sidewalk, because a citizen told us he heard it sizzle. A Jersey county woman heated water to wash dishes by leaving it on the well platform while the family ate dinner. Out in Kansas a gentleman reports his wooden leg broke out in a profuse sweat.

There is also the story of a Nebraska farmer who had a field of ripe popcorn, which was thoroly popped by the heat. But the old blind mare did not look over the fence and think it was snow. Hence the mare did not freeze to death, but no doubt she shivered she had.

From the east comes a story of water melons that exploded when their liquid contents turned to steam. In one town a soft asphalt pavement trapped several birds when their feet stuck to it. We used to think autos were the only things that would run into the ditch, but oiled roads in some places did that during the hot weather. Potatoes were baked in the patch, apples roasted on the trees, and fish boiled in the streams.

It is fortunate for the American people that they have a sense of humor, else the ordeal thru which they have been passing would have driven most of them crazy. As it is, they produced some good yarns, which we hope no member of the Annanias club will be so bold as to copyright.

## Side Lights

If there is no food shortage, Mr. Wallace, why should prices skyrocket?

A man who has been in the west this summer tells us it is so dry out there that the fish swim backward to keep the dust out of their eyes.

That Kentucky preacher who let a snake bite him is a glutton for punishment.

We have figured it out that folks are about as good as they used to be, but not much better than they were.

So many big fish have been caught this summer that the rivers and lakes seem empty.

See where Boss Pendergast walked off with the donkey again.

A story told at a bridge tournament almost caused a fight. And we thought they played bridge.

Political oratory usually flows, but this hot weather has practically vaporized it.

Lightning visiting this city Friday night was responsible for several bad strikes.

## Probate Court Orders

State of Jesse C. Davenport—Set date for hearings on claims Sept. 7, 9 a. m. Notice ordered.

State of William Theodore Ishmael set for date for hearing on claim of Charles Thomason, Sept. 7, 9 a. m.

State of Laura Smith—Claim of Dr. Glen Smith, set for hearing Sept. 7, 9 a. m. by consent of parties.

State of William E. Stout—Claims allowed.

State of Mary Jane Caldwell—Report of private sale approved. Report approved and partial distribution ordered. See order.

State of Anna Marie Siebert—Claims allowed.

State of John W. Sample—Claim allowed.

State of Mary Martin—Entry of appearance and waiver of notice. Final report approved. Estate closed. Administrator discharged.

State of Sibella Tendick—Motion to extend time to make final report six months allowed.

State of John F. Clark—Supplemental inventory approved.

State of Zachary Taylor Henderson—Inventory approved. Petition to omit appraisal allowed.

State of George Maier—Inventory approved.

State of Malinda C. Fordyce—Current report approved.

State of A. L. Hunt—Report approved.

State of Thomas Caldwell Travis—Report of administrator to collect approved and ordered discharged.

PARENTS OF DAUGHTER

Word has been received in the city announcing the birth of a daughter to Mr. and Mrs. Franklin Westrop of Phoenix, Arizona. The baby has been named Barbara Jo. Mr. Westrop is a former resident of this city having moved to Phoenix with his parents several years ago.

Brown's Business College annual summer picnic Sunday, Aug. 12, Nichols Park. Alumni and friends invited. Supper 6 p. m., dining hall.

## The New Deal in Washington

This is the eighth of a series of articles on the more important new governmental agencies created under the New Deal, their aims, and activities.

By RODNEY DUTCHER  
Journal-Courier Washington Correspondent

Washington, Aug. 11.—Facing a drought which temporarily has turned the crop situation upside down, the Agricultural Adjustment Administration is nevertheless plunging into the drastic compulsory control programs demanded by cotton and tobacco growers and legislated for them by the 73rd Congress.

Compulsory tobacco control seems to be working beautifully. But although the cotton crop will be the smallest since 1890, except in 1921, and high prices will go higher, AAA is still wondering how effectively compulsory features of the cotton program can be administered.

Congress also provided for big sugar and cattle programs, making both basic commodities, along with flax, barley, rye and peanuts—though it turned down Huey Long's proposal to include rhubarb and spinach.

A budding beef and dairy cattle adjustment program, for which the Jones - Connally act appropriated \$150,000,000, has been turned into a drought relief program and much of the money is being used to buy up unhappy cattle on parched ranges.

Thus the drought is accomplishing the original purpose and AAA expects between 4,000,000 and 7,000,000 head will be purchased.

Quotas were set to permit domestic production of 1,600,000 tons of beet sugar and 260,000 tons of cane. Beet allotments have been made, but no domestic cane allotment, as Louis-

iana will remain for a time.

Her maiden name was Mary Ellen Batty, daughter of William and Ruth Batty, and she was born in Greene county April 7, 1854. She married William V. Rhodes, who served for two terms in the state legislature, and was an auctioneer of note. They lived at Wrights for a time and later came to White Hall which was their home of many years. Mr. Rhodes died in December, 1929.

She is survived by four sons and one daughter Ernest and James Rhodes of White Hall; William O. Rhodes of Wrights and Howard E. Rhodes of Meredosia, and Mrs. B. R. Kesinger of Jacksonville. Two children, Clinton and Mrs. Pearl Kesinger are deceased. She also had five grand children and seven great grand children.

The tree dances sponsored by the C.C.C. club in Whiteside Park every Friday night are gaining in popularity each week.

Funeral services will be held in the First Baptist church in White Hall, Sunday afternoon at 2:30 o'clock and interment will be in the White Hall cemetery. The Duncan Sisters will sing.

SPONSOR ST. LOUIS TRIP

The Citizens Community club and Mayor H. W. Broberg sponsored a free trip to St. Louis and the ball game between the Cardinals and Cubs, Friday afternoon for one hundred and twenty-five boys and girls from White Hall between the ages of ten and seventeen years. There were thirty-five girls on the trip. Mrs. Florence Dumphry and Paul Pratt each provided a truck, and cars were furnished by Mayor Broberg. Assistant Postmaster George Peters, R. C. Bell, editor of the Register-Republican, and by A. B. Smith, veteran of the Civil war.

Mr. and Mrs. Abel Khan and two children of Jefferson City, Missouri, arrived Friday morning to visit Mrs. Khan's grandparents, Mr. and Mrs. James Ewart on Carr street. Mrs. Khan was formerly Miss Florence Ewart.

H. A. Childers dry goods merchant in White Hall, suffered a stroke of paralysis Friday afternoon in his store, shortly after he had returned from a trip to Jacksonville. His right eye was closed.

The act was passed June 28 and J. B. Hudson, able chief of the AAA tobacco section, broke most government speed records to get it operating by the time Georgia's flue-cured parity opened the first of this month.

Tobacco Farmers Reap Profit

The Georgia market is giving growers twice the price they were getting at this time last year and 50 per cent more than the price at the market year's close after the first adjustment program had operated.

Along the better prices, the growers will receive rental payments for each acre rented and adjustment payments based on crop receipts which will make the return at least equal parity.

Higher prices for growers and process taxes have failed to increase cigarette prices thus far and should continue to be absorbed by manufacturers.

State and county committees are still wallowing around on the difficult job of making individual allotments. Propaganda for abandoning the compulsory plan this year is increasing since the cotton crop was estimated at but 9,185,000 bales, which is 1,265,000 bales below the AAA reduction goal for this year's crop.

The acreage cut goal was 25 millions instead of a normal 41 millions, though growers actually planted 28 millions and the extra slash was achieved by drought.

Protests from growers over their individual allotments may become such a clamor as to tie up the program, but AAA is thus far determined to go through with the compulsory control.

Cotton Growers Get Allotments

Every cotton grower gets an individual allotment and anything he sells over that is subject to a 50 per cent penalty tax collectible at the gin, where each farmer must present an exemption certificate covering his quota. Growers who don't reach their allotments will receive extra exemption certificates.

State and county committees are still wallowing around on the difficult job of making individual allotments. Propaganda for abandoning the compulsory plan this year is increasing since the cotton crop was estimated at but 9,185,000 bales, which is 1,265,000 bales below the AAA reduction goal for this year's crop.

The acreage cut goal was 25 millions instead of a normal 41 millions, though growers actually planted 28 millions and the extra slash was achieved by drought.

Protests from growers over their individual allotments may become such a clamor as to tie up the program, but AAA is thus far determined to go through with the compulsory control.

Regardless of how the compulsory plan works out, the cotton reduction program is a huge success. Compulsion seems sure to be retained for prospective high prices would lead to enormous over-production if strict control were not maintained.

State of Mary Martin—Entry of appearance and waiver of notice. Final report approved. Estate closed. Administrator discharged.

## DILLINGER GUN TRICK FAILS TO WORK; 2 KILLED

Desperate Prison Break By  
Louisiana Convicts is  
Halted

Baton Rouge, La., Aug. 11.—(P)—A desperate break by Louisiana penitentiary convicts who tried John Dillinger's wooden gun trick collapsed today when Angola prison guards met the bluff with a withering blast of gunfire that left two prisoners dead and six wounded.

Three others who were "in" on the attempted escape immediately surrendered as the quick-triggered guards quelled the near riot. Two convicts refused to join in the plot.

Those slain were Bill Bryant, 26, year old bandit and co-leader of a

bloody break a year ago, and Raymond Candler, 38, serving a 20-year term for robbery.

Of the half dozen other convicts shot down, Michael Antakly, serving a larceny term, and Gerald Kramer, burglar, were expected to die.

The break came suddenly while a gang of 13 convicts of the so called "red cap" brigade of incorrigibles at Camp "E," the scene of numerous fights, were working in a field picking okra.

Bryant, two-terminer from North Louisiana, and Lucas Badeaux, charged several days ago with the knife-murder of a fellow prisoner, led the break. Penitentiary Manager L. R. Himes said.

Armed with wooden pistols painted black, Bryant rushed on Guard Henry Clark and Badeaux on Guard Riley Strother.

Clark commanded them to stop and throw down their guns. They ignored the command and came on. Clark promptly pumped seven slugs from an automatic rifle into Bryant, killing him instantly. Turning the gun on Badeaux, he felled him but did not kill him.

Two other guards rushed to the scene and opened fire. Candler dropped dead. Nine other prisoners attempted to flee across the open field and all but three were brought down. They surrendered.

## ALBERT TEESTER PREACHES TODAY

Sylva, N. C., Aug. 11.—(P)—Albert Teester, mountain minister, made preparations today to deliver his regular Sunday sermon although he was still ill from rattlesnake bites suffered in a demonstration of his faith.

The 39-year-old holiness preacher was improved today and could get about his home to some extent. The swelling of his body from the snake's venom that at times the past week prevented speech was diminishing.

If his condition continues to improve he will preach tomorrow he said.

Residents of the Balsam Mountain fastness watched with awe the workings of the "faith cure" but several said the minister must have "had a little doubt in his mind; he had lost a little faith or else he had done something wrong" because Teester had said that God would prevent the snake's biting him.

HORNER TO VISIT  
CAMP GRANT TODAY

Rockford, Ill., Aug. 11.—(P)—Illinois national guardmen encamped at Camp Grant today prepared for an influx of more than 10,000 visitors who are expected to attend special exercises tomorrow.

Governor Henry Horner and other officials will attend the exercises in which the 9,000 guardmen will participate.

Massed bands will present a concert in the morning preceding a regimental review, and in the afternoon the annual horse show, featuring exhibitions of jumping and racing, will be presented. Finals of the divisional boxing tournament in the evening will complete the day's program.

Governor Horner and other visitors will be guests of the division staff officers at luncheon, and will be given a dinner by Adj. Gen. Carlos E. Black.

### PLAN REUNION

The annual reunion of the Martin family will be held on Sunday, Aug. 12, at Nichols park in this city.

## Jacksonville Is The Center Of A Wide Community Area

Because of its geographic position, Jacksonville enjoys the position of being the center, or "hub" of a rich community area. Paved roads lead in every direction out of Jacksonville, and bring closer to its people and problems, those of the residents of this area.

Jacksonville history is written into the lives of many of the people of this rich community area. Many of the residents in Cass, Scott, Pike, Greene, Sangamon and Macoupin counties came originally from Jacksonville and Morgan county. Many others have migrated from one of those counties into Morgan.

There are more than 65,000 people within the territory which might correctly be named the "Jacksonville community area." This population is made up of people who read and write well, are active in civic, church, social and industrial affairs, and who have brought an honorable record upon this section of central Illinois.

Many of these people travel to Jacksonville sometime during a calendar month to visit the stores, perhaps

### BAN DILLINGER

New York, Aug. 11.—(P)—John Dillinger, Sr., father of the desperado slain last month by federal agents in Chicago, has been refused permission by the license department to appear on the stage here, it was disclosed today when theatrical interests protested the decision.

Irving Schneider, attorney for a theatrical agency, wrote to License Commissioner Paul Moss contending that the ban was unfair. He explained that the father's brief talk was a sermon and a lesson for parents and others generally."

### ARREST DELMAR

Oklahoma City, Aug. 11.—(P)—Frank Delmar, who with Jim Clark and the late "Big Bob" Brady, escaped from the Kansas penitentiary at Lansing last January, was arrested by two federal officers on a highway near Claremore late today.

to buy some needed items. They can and should feel a welcome, which Jacksonville extends to them. Jacksonville, as a whole, desires the people of this community area to feel perfectly at home in their city, to make use of their facilities for their comfort and enjoyment. Every visitor from this vast community is a neighbor.

In hospitality, Jacksonville has never been found wanting. Merchants, factories and residents are always ready to receive and entertain. The city extends an earnest "welcome" to its "community neighbors" from town or farm home.

On Pages eight and nine will be found interesting information about Jacksonville and some of its progressive businesses. This campaign of education is sponsored in part by the following Jacksonville industries and stores: Ideal Baking company, Peerless Bread company, Jacksonville Ice and Cold Storage company, Hopper's Shoe store, the Emporium, Illinois Power and Light company, Andre & Andre, Fox Illinois theatre and Gus-tine's Furniture store.

## FIVE DIE IN TRAIN WRECK

Avignon, France, Aug. 12.—(Sunday)—(P)—Five persons were killed and at least 30 injured early today when the Geneva express crashed at high speed into a freight train entering the station yards.

The heavy express, loaded with sleeping cars, sideswiped the freight. A mail car and three passenger cars jumped the track, remaining upright jammed against the freight cars.

Rescuers from the nearby station transferred the dead and injured to ambulances and rushed them to hospitals and morgues.

The station yard was in the greatest confusion, with rails torn up, ambulances bumping across the tracks, wrecked cars strung crazily together in a flare of emergency lights while authorities tried to restore order and search for additional dead and wounded.

## FIGHT EPIDEMICS IN SOUTHLAND

Ashland, Ky., Aug. 11.—(P)—Typhoid vaccine health officers, a Red Cross relief supervisor and \$25,000 of Red Cross funds were ordered into the northwestern Kentucky flood area today as authorities prepared to fight destitution and possible epidemics.

This year's entire farm production of the fertile lowlands in Carter, Rowan and Greenup counties, together with livestock and poultry, was being dumped into the Ohio river by swollen tributaries as flood waters receded. Property damage in the three counties was estimated at \$1,500,000.

Every well and cistern in Olive Hill, inundated by swollen Tygart creek yesterday, was polluted, health officers said today. Physicians from neighboring towns were pressed into service to inoculate citizens against typhoid fever. They were wading ankle deep in mud in their homes and stores.

Although news from the flood area continued to add to the estimated property damage, no further loss of life was reported. Harold and Marvin Damron, 8 and 4-year-old sons of Everett Damron, Williams Creek, were drowned in the cloudburst when a barn rammed their home and its foundations.

## THOS. DONOVAN WEDS SATURDAY

Naperville, Ill., Aug. 11.—(P)—Entering the church on the arm of Governor Henry Horner, Miss Mary Callender of Naperville was married today to Thomas J. Donovan, Jr., son of Lieut. Gov. and Mrs. Thomas J. Donovan.

The ceremony was read in St. Peter and Paul's church at 10:30 a. m. by the Rev. Father Mescher.

The bride is the daughter of Mrs. W. D. Callender. She was attended by her sister Joan as maid of honor, and by another sister, Anne, Miss Priscilla Simms, Miss Dorothy Ruttle and Miss Valerie Haight, all Chicagoans.

The best man was James Donovan, brother of the bridegroom. A wedding breakfast was served to 500 guests after the ceremony at Oakhurst, the Callender family home.

Donovan attended Notre Dame University and Catholic University at Washington. The bride attended St. Mary's of Notre Dame.

### RAIN AT MOBERLY

Moberly, Mo., Aug. 11.—(P)—Rainfall here last night totaled 1.5 inches. The mercury dropped to 78 degrees after a maximum yesterday of 112. It was the first precipitation of more than one inch since June.

Miss Dixie Lee Watkins, who will be a senior at MacMurray College this fall, is visiting Mrs. Fred Hazelrigg on Morton avenue this week. Miss Watkins resides in East St. Louis, Ill.

## New Berlin Bride-to-be Guest at Shower

o'clock and the guest list will include the intimate friends of the guest of honor. Miss Ruyle has had many pre-nuptial parties and this will be another delightful occasion for the bride-to-be and her friends.

Dutch Supper Will be

Given at Country Club

On Friday evening, Aug. 17, the Jacksonville Country club will give a Dutch supper and "Scavenger Hunt." All members and their families are expected to be present to enjoy the newest sport.

Supper will be served promptly at 7 o'clock and the hunt will begin at 8 o'clock.

B. and F. to Hold Annual

Picnic Tuesday at Park

The Business and Professional Woman's club will hold its annual picnic at the main dining room at Nichols park next Tuesday. The feature of the evening will be a report of the national convention held in Grand Rapids recently, by Miss Jenny Rabjohn and Miss Agnes Paxton.

Miss Minnie Wyatt, president of the club, will be in charge of the meeting, to which club members from other chapters in the district have been bid. Miss Verna Butcher, Miss Ethel Rayburn and Mrs. Minnie Cole will be in charge of the supper arrangements.

The bride-to-be was showered by quantities of lovely practical gifts. After the opening of the gifts refreshments of home made ice cream and cake were served.

Mrs. Otto Lukin was hostess to the Ladies Aid society of St. John's Lutheran church Thursday afternoon.

Mr. and Mrs. John White of Quincy, were guests of his parents, Mr. and Mrs. G. P. White, the first of the week.

## Epidemic of Typhoid

An epidemic of typhoid has alarmed the residents of New Berlin and surrounding country, the past week so as to occasion the doctors to be busy giving typhoid shots. John Brein was taken to the St. John's hospital Wednesday suffering from the fever, and owing to the extreme heat and low water, people are taking预防.

Charles Washburn in company with Wiley Shoup of Springfield is touring the northern states and Canada this week.

W. B. Huffaker and family started on a trip for a vacation, touring the eastern states for the next two weeks.

TRY THIS TOASTED SANDWICH FOR LUNCH

Toast a slice of bread on one side; spread the untoasted side with mayonnaise, cover with a thick slice of tomato, then with a slice of American cheese. Place two strips of partially broiled bacon on the cheese and toast the sandwich under the broiler flame until the cheese is melted. Serve immediately.

Chicken fry, Centenary Church, September 6.

## Sager-Ruyle Rites to Be Held Monday

Monday afternoon, Aug. 13, the wedding of Miss Hazel Ruyle and Hadley Sager will be solemnized at the home of the bride's parents, Mr. and Mrs. A. W. Ruyle, 716 West Douglas avenue.

Dr. M. L. Pontius, pastor of the Central Christian church will officiate and the ceremony will be performed before relatives and intimate friends of the bridal couple.

Miss Ruyle graduated from Illinois College with the class of 1932. While in college she was active in many departments and was a member of Sigma Phi Epsilon and prominent also in the social life on the campus.

Mr. Sager is the son of Mrs. Bertha Sager and the late Rev. J. R. Sager of East St. Louis. He was graduated from Illinois College with the class of 1932 and in all campus activities, he took a prominent part. He is a Phi Beta Kappa and while in college, he was a member of Gamma Nu, and was president of the Senior class.

Mr. Sager is employed at the American Bankers Insurance Company in the city.

Many out-of-town guests are expected for the wedding.

Rohrer Chapel, Waverly, chicken and fish fry all day.

Tues. Aug. 14. Adults 35c.

Children 20c.

## Jerseyville Mayor Puts Ban on Use of City's Water

Jerseyville, Aug. 11.—For the second time within a two week's period, Mayor Shephard issued an order for the curtailment of the city water supply. The flow at the Union Forest springs again diminished and brought about the sec-

ond order which is to be enforced as a police regulation.

A few days after the first order the supply increased to such a point that the ban was temporarily removed, prohibiting the sprinkling of lawns and the washing of cars. The increased activity of the springs at the city reservoir proved a temporary outburst and the supply diminished again.

Nearly two hundred farmers have been hauling from the local hydrants and this has endangered the city supply under the existing drought conditions.

Nothing further has been accomplished in the well drilling program planned the past week. The program was being held up due to the inability to obtain the necessary application

blanks from the state headquarters of the Illinois Emergency Relief, Farm Adviser Kibler reported Friday afternoon.

The only solution for the farmers of the eastern part of Jersey county appeared to be the proposed deep wells. A well drilled on a private farm in Fidelity township was brought in this week at a depth of 650 feet and pumping tests showed a permanent supply at 110 feet.

The well plan for water shortage relief in the county calls for the drilling of the water holes, six inches in diameter on public ground. If the proposed sites are not satisfactory, grants of land have been offered.

Funeral services for Earl E. Nevin were held at the Nutwood church Saturday afternoon, August 11th at two-thirty o'clock. Rev. Reuben Russell officiated and interment was in the Fieldon cemetery.

Nevin died at St. Joseph's hospital in Alton Thursday afternoon, August 9th, a victim of a gunshot wound reported to be self inflicted. Tuesday evening on a farm in the Nutwood locality.

The deceased was the son of John and Anna Seehausen Nevin and was born in Fieldon, October 9, 1899. At the time of his death he was thirty-four years old. In addition to his parents he is survived by three brothers, Roy, William and Edward and one sister, Mrs. Alfred Cooper of Nutwood.

### Drought Drives Birds

Henry Vinson who resides in the vicinity of the Marquette State park, was in Jerseyville Friday morning. Vinson reported that the drought in the country has driven multitudes of wild birds to the locality where he resides.

"There is plenty of water at my place," Vinson stated, "and the wild birds have flocked to the locality in multitudes.

"I took a walk along the spring branch at my place the other day when the heat was intense. The wild birds had secreted themselves in flocks beneath the cooling shadows of the overhanging banks of the stream, and as I walked along, they were startled from their resting places."

"The branch is fed by a number of never failing springs. I have never observed birds gather in such a fashion and seek a cool place. But the heat was so intense that they were driven to such a practice much as the animals."

### Find Freak Tornado

A hitherto unreported freak tornado struck the locality in the vicinity of Little Bear Lake a couple of miles from the Marquette park recently.

Trees in orchards were uprooted and many of the old monarchs of the forest on the Hussey estate were torn out of the dry earth on the hilly slopes.

Clinton Cope, mail carrier and Vinson escaped possible death. The two were working on a car belonging to Vinson and had the vehicle parked under a large tree.

When the storm approached, Vinson suggested that they move it into the garage. They pushed the car into the place and a minute later the tree under which they had been working was uprooted by the storm.

A strip of territory about a quarter of a mile wide and several miles long experienced the brunt of the storm.

### Crows Destroy Nests

Crows are unusually destructive to the nests of game birds in Jersey county this season. In the vicinity of Marquette park the birds are reported as unusually numerous.

"I know of four nests of quail," Henry Vinson reported, "at my farm that were destroyed by crows. In each of the nests there were from twelve to twenty eggs."

"I was walking along a fence in one of my fields not long ago and heard a commotion created by a couple of quail. I investigated and saw a crow on a fence post devouring a young quail."

The rookery in the Marquette vicinity has not been definitely located. It is southwest of the Little Bear lake.

According to residents of the vicinity, the crows come from the southwest in the morning and return from the northwest in the evening. Efforts are to be made to locate the rookery and a big hunt will be held this fall to destroy the undesirable birds.

The crows will range as far as twenty miles in a day seeking food, warden of the locality who have made a study of their habits report.

**Local Boy Enjoying Navy Cruise**

Mr. and Mrs. Lester Fritz of Jerseyville have received word from their son, Gordon Fritz of the United States Navy, that he is in Alaska this week. Fritz is on the United States Bushnell submarine supply ship which is making an extended cruise.

The ship left California about a month ago and before completing its cruise will go to China and Japan. At present it is enroute to the Hawaiian Islands.

### Issue 120 Hunting Permits

City Clerk Harold Brooks reports that up to date 120 hunting licenses have been issued in Jerseyville since the opening of the squirrel shooting season on Aug. 1.

The oldest hunter to apply for a permit is Henry Harmon, 84 years of age, of English township, who despite his advanced age is a good marksman with either a rifle or shotgun. William Strelbel, 14-year-old son of Mr. and Mrs. Sylvester Strelbel, is the youngest applicant for a hunting license.

Three women were among the hunters this year. Mrs. R. E. King and Mrs. Frank F. Miller of Jerseyville and Mrs. Grace Edwards of Grafton.

The hunters here report that the squirrels are not found in their usual habitat in the timber this year as the drought and heat have driven them back into areas where there is water. The season for squirrel hunting closes on Dec. 1.

**City Treasurer Reports**

The annual report of City Treasurer of Jerseyville William F. Hanley has been made public and reveals that the city is in excellent financial condition.

No defaults are recorded on any of the special assessment bonds issued for improvements such as paving, sewer or water main. According to Treasurer Hanley's report, a total of \$19,325 of special assessment improvement bonds have been cancelled during the fiscal year just closed. Last

year the amount of similar obligations cancelled totaled \$12,475.

The report also shows a payment for the right of way of the Shopman road of \$2,000, which was paid into the treasury by friends of the city for the purchase of the right of way. This amount will be refunded from money received from motor fuel tax funds by the city.

All of the funded debt of the city was paid off during the fiscal year, leaving the city free of all funded indebtedness.

The city according to Treasurer Hanley has established a wide spread reputation in the annals of municipal government, and many requests are received by Treasurer Hanley for statements and information from other cities and finance houses.

"All obligations of the city have been met promptly," Hanley stated. "Leases, hydrant rental and all other obligations are cared for as soon as they become due."

### Wild Deer in County

The wild deer are still living in western Jersey county according to a report from the farm of Mrs. Enola B. Francis. Recently Mrs. Francis and three men in her employ were measuring some of the fields in conjunction with government crop reduction programs. While thus engaged they came upon a doe and buck grazing on the side of a hill.

One of the men discovered the deer as he came to the top of the elevation. He signaled to the others and the group observed the animals. Finally one of the men whistled and the deer were off in a hurry at the sound.

The deer have been observed frequently on the land owned by Mrs. Francis. They often times come into the pasture where the sheep are kept and graze with them.

"We are quite anxious to protect the animals," Mrs. Francis stated, "and are glad to allow them to graze on our lands."

### Personals

Mr. and Mrs. A. Wintner of St. Louis were guests Tuesday and Wednesday at the home of Mr. and Mrs. Edward Nelson.

Mr. and Mrs. Roy Mine and Mr. and Mrs. Hardin Jackson of Granite City were guests Saturday at the home of Mrs. Jackson's aunt, Mrs. Walter B. City.

Mr. and Mrs. Gordon Oldham and children of Leesburg, Florida, who relatives in Canada, returned to Jerseyville Thursday evening to spend some time at the home of Mrs. Oldham's father, J. T. Hanley.

Miss Aurelia Kluge of Newton Illinois, who spent the past week in

Jerseyville as the guest of her brother, Dr. B. H. Kluge, left Friday for St. Louis to visit with relatives. She was accompanied to St. Louis Friday evening by Misses Rosemary Bertman, Mary Louise Noble, Dr. Kluge and L. N. Heider and the party attended the Municipal opera.

Mr. and Mrs. Francis Munsterman and children left Thursday for Harrison where they will spend two weeks.

Mr. and Mrs. J. E. Barry and sons, Gordon and Gene of St. Louis spent Tuesday in Jerseyville as the guests of Mrs. Barry's parents, Mr. and Mrs. Frank J. Munsterman. They were accompanied home by Miss Mary Flemming who will visit with relatives in St. Louis.

Among those from out of town who were here Tuesday to attend the funeral of Wiley O. Stroud Tuesday were: Mrs. Fannie Evans, Mrs. Sam Cooke and daughters of East St. Louis; Miss Phoebe Andrews of Brighton; Mrs. Thomas Walworth of Springfield; Mr. and Mrs. A. T. Simmons and Mrs. J. W. Kelly of Bloomington.

"All obligations of the city have been met promptly," Hanley stated. "Leases, hydrant rental and all other obligations are cared for as soon as they become due."

### Wild Deer in County

The wild deer are still living in western Jersey county according to a report from the farm of Mrs. Enola B. Francis. Recently Mrs. Francis and three men in her employ were measuring some of the fields in conjunction with government crop reduction programs. While thus engaged they came upon a doe and buck grazing on the side of a hill.

One of the men discovered the deer as he came to the top of the elevation. He signaled to the others and the group observed the animals. Finally one of the men whistled and the deer were off in a hurry at the sound.

The deer have been observed frequently on the land owned by Mrs. Francis. They often times come into the pasture where the sheep are kept and graze with them.

"We are quite anxious to protect the animals," Mrs. Francis stated, "and are glad to allow them to graze on our lands."

### Personals

Mr. and Mrs. A. Wintner of St. Louis were guests Tuesday and Wednesday at the home of Mr. and Mrs. Edward Nelson.

Mr. and Mrs. Roy Mine and Mr. and Mrs. Hardin Jackson of Granite City were guests Saturday at the home of Mrs. Jackson's aunt, Mrs. Walter B. City.

Mr. and Mrs. Gordon Oldham and children of Leesburg, Florida, who relatives in Canada, returned to Jerseyville Thursday evening to spend some time at the home of Mrs. Oldham's father, J. T. Hanley.

Miss Aurelia Kluge of Newton Illinois, who spent the past week in

F. Shephard and Miss Pauline Lauren.

Mrs. Anthony Peters and children of St. Louis came to Jerseyville Thursday evening to remain until Monday at the home of the former's father, Martin Gibbons.

J. F. Osborne left Friday for his home in New Orleans, Louisiana after spending several months in Jerseyville at the home of his uncle and aunt, Mr. and Mrs. Frank M. Ware and with other relatives.

Mr. and Mrs. A. J. Olmstead and daughter, Betty Lee of Los Angeles, California, spent Wednesday in Jerseyville as the guests of Mr. and Mrs. Roy Thatcher. Mrs. Olmstead was formerly Miss Mabel Scott of this city. The Olmstead family was en route to Cleveland, Ohio, where they will visit.

Atty. and Mrs. J. W. Parsons and son, Jimmie, who have been visiting with relatives in Chicago were guests Friday of Mrs. Parsons' mother, Mrs. John M. Shortal. They were en route to their home in Mansfield, Louisiana. Mrs. Meyers and daughter, Alpha,

returned Tuesday evening to their spending a few days in Jerseyville as home in Bloomington, Illinois, after guests of Mrs. Minnie Herold

## TIGERS BLANK INDIANS 7 TO 0

Detroit, Aug. 11.—(P)—The Tigers blasted seven runs off Willis Hudlin in the first two innings today and, with young Elden Auker holding the enemy to six scattered hits ran their string of consecutive victories to 11 by defeating Cleveland, 7 to 0.

It was the tenth victory of the season, against four defeats, for Auker who is in his first year as a big league regular. It also stretched the Tigers' American League leadership to four full games as the second place Yankees lost.

The Sox, however, outhit the Browns, 14 to 12.

Harland Clift hit a two-run homer in the fourth inning to boost the Browns' lead to 6 to 0, but led by

Dick Coffman of the Browns was credited with a 9 to 8 victory over the Chicagoans today. His fifth triumph of the season, four of which have been over the Sox

The Sox, however, outhit the Browns, 14 to 12.

## DODGERS WALLOP PHILLIES 5-4

Philadelphia, Aug. 11.—(P)—Jimmy Wilson wound up a ninth inning session of managerial "master minding" today by inserting himself as a pinch hitter. He singled to knock in the run that gave the Phillies a 6 to 5 victory over the Brooklyn Dodgers.

Casey Stengel countered by putting Watson Clark in to pitch and manager Wilson batted for Moore. Clark uncorked a wild pitch that let Bartell score the tying run, then Wilson hit his blow that brought Chiocca in with the winning counter.

Score:

Brooklyn	001 120 001—5	13 2
Philadelphia	022 000 002—4	14 3
Zachary, Babisch, Clark and Berres, Lopez; E. Moore, Hansen and Todd.

## TALK METHODS FOR NAMING ALL-STARS

Y.M.C.A. National League to Hold Practice Tournaments to Select Team to Challenge Best Players in the American League For Title.

A meeting of the managers of the teams in the Y.M.C.A. National league was held yesterday to devise some means of selecting an all-star team to challenge a team composed of players of the Myers Brothers and Blesse Specials teams of the American.

The group decided to hold two practice games to aid in the selection of the all-star team, the first game to be played Tuesday afternoon and the second on Thursday afternoon. It is desired to start the games by five o'clock if possible so that seven innings may be played. Both games will be played on the high school field.

One week from today the Morgan Dairy team and the Lynville A. C. nine will tangle to play-off the tie for first place which resulted after the regular schedule had been completed.

For the practice games, Frank Rush was selected to captain one group, with Ray Lynn as manager, and Harold Hills and Marion Ingold were picked as captain and manager, respectively, of the other group.

ALLISON, IOWA WALLOPS K. C.

Bloomington, Ill., Aug. 11.—(P)—Allison, Ia., with Ashworth, a slender righthander, pitching six-hit ball, defeated Kansas City, 7 to 1, today in the opening game of the American Legion Junior regional baseball tournament.

Ashworth kept the six hits scattered and struck out six batters. The Iowans bunched eight blows off J. Anderson and McKay.

Wichita, the Kansas champion, defeated Berwyn, winner of the Illinois title, 6 to 4, in 11 innings, and will meet Allison for the regional title tomorrow.

Parshall pitched all the way for Wichita, outlasting Romaneck and Schuckman. He allowed only eight hits in the overtime contest, while the Berwyn pair gave 12.

## CUMMINGS ENTERS STATE FAIR RACE

Springfield, Ill., Aug. 11.—"Wild Bill" Cummings of Indianapolis, who since his 1934 Indianapolis Speedway victory has been rated as America's most versatile auto racing star, is the first entry for the Illinois State Fair AAA national championship auto races on Saturday, August 25.

Lieut. Gar Davidson, young Army coach, says that the passing of Capt. Jack Beynon, Illinois quarterback in the Army game at Cleveland last year was the best he had ever seen. Army will have another taste of the Rockford boys' throwing prowess Nov. 3 when the Cadets appear at Illinois.

The Army-Illinois football game at Illinois Nov. 3 will close the series and also cadet competition against Big Ten teams unless either the Military academy or the conference changes its ideas about eligibility rules. A series with Southern California will replace the Army game on the Illinois schedule. The Illini will travel to Los Angeles in 1935 and the Trojans will come to the Illinois stadium in 1936.

The Army-Illinois football game at Illinois Nov. 3 will close the series and also cadet competition against Big Ten teams unless either the Military academy or the conference changes its ideas about eligibility rules. A series with Southern California will replace the Army game on the Illinois schedule. The Illini will travel to Los Angeles in 1935 and the Trojans will come to the Illinois stadium in 1936.

There are only two home football games on the Illinois schedule this year because the Illini will play Northwestern at Evanston two years in a row.

The Illini believe that Wilbur Henry, sophomore halfback from Benton, will make a record as an all-around athlete. He was one of the leading freshman basketball players and has baseball ability.

GIGANTES WAYLAY BRAVES 7 TO 4

New York, Aug. 11.—Travis Jackson belted a home run with two on to lead the Giants to victory over the Braves in the seventh inning.

Deshong then loaded the sacks with passes and Wes Ferrell rapped a pinch single that brought home the winning run.

Score:

New York . . . . . 000 000 010 000 1—2 7 4

Boston . . . . . 000 000 001 000 2—3 12 0

## ATHLETICS NIP SENATORS 2-1

Washington, Aug. 11.—(P)—Jimmie Foxx cracked out a home run—his thirty-sixth of the season today at Griffith stadium giving the Athletics a 2-1 victory over the Washington Senators in the first game of a scheduled doubleheader.

The second game was called off on account of rain.

Foxx got his circuit clout off Monte Weaver in the fourth inning when the bases were empty. Weaver was pounded for ten hits during his eight innings of duty. Benton, on the mound for Philadelphia, kept the Senators in check with three hits.

Score:

Philadelphia . . . . . 000 110 000—2 11 0

Washington . . . . . 000 100 000—1 3 2

### Jacksonville's Recreation Facilities and What They Mean to You!

#### BEAUTIFUL NICHOLS PARK ---

No other facility for the entertainment of the people of Jacksonville's community area is so greatly used and generally appreciated as Nichols Park. Located on Vandalia road, just one-half mile east of South Main street, and two miles southeast of the public square, it is easily accessible to all by automobile and bus line. Large picnic grounds, with running city water, plenty of shade, free tables, enclosed dining hall and kitchen, and a children's playground adjacent, is the mecca of family reunions and industrial picnics throughout the summer and fall. A tiled swimming pool, under constant sanitary inspection, is used by thousands weekly. Tennis courts and golf links are open to the public. Fishing and boating are enjoyed by thousands on Nichols Park Lake and Lake Mauvaisterre. A city-owned baseball diamond and large grandstand is the site of many interesting games, in which teams from Jacksonville and all her neighboring towns are participants. A large pavilion is available for dancing during the summer months. These facilities are available to the public and are used by tens of thousands.

#### ATHLETICS AND SCHOOL ACTIVITIES ---

Jacksonville is the center of school athletic activity in its community area. Beardstown, Virginia, Chandlerville, Ashland, New Berlin, Waverly, Franklin, Murrayville, Roodhouse, Manchester, Woodson, White Hall, Carrollton, Greenfield, Winchester, Bluffs, Meredosia, Chapin and Pittsfield are among the towns whose schools annually appear in Jacksonville as friendly competitors for athletic honors with Jacksonville schools. Jacksonville high school, Illinois School for the Deaf and Routh high school furnish competition for these schools in football, basketball, baseball, track and field events. Illinois college furnishes recreational entertainment in athletics, meeting some of the largest and best schools in the middle west, and as a member of the Little Nineteen conference, are prominent in athletics. The success of every town's team within Jacksonville's community area is in the hearts of all within the area, and with each contest, new friends are made among the rising generations. The development of school property in gymnasiums and athletic fields has gone along with interest in athletics. Every one of the schools in Jacksonville are well equipped for the holding of athletic events, and there is something doing every week of the school year.

#### ANNUAL MORGAN COUNTY FAIR ---

During the last week in each August the annual Morgan County Fair is held at the fair grounds just outside the city limits, west of Jacksonville. The premium list for 1934 is \$21,000.00. Each year the fair has improved in size and attractiveness. Thousands from Morgan county and adjoining territory visit Jacksonville during fair week. The fair this year will be held on August 28 to August 31, inclusive. Horse shows, racing, stock judging and farm exhibits are features of the fair.

#### RECREATION FOR EVERYONE ---

Every person in Jacksonville's community area is invited to Jacksonville to use the facilities available for their entertainment. Jacksonville is friendly, sociable, inviting and ready to assist. The state institutions are open for inspection. The Jacksonville State Hospital athletic events are free to the public. Paved roads lead into Jacksonville from every direction, and the city is within an hour's drive from almost any point in Cass, Pike, Greene, Scott, Morgan, Sangamon or Macoupin counties. Jacksonville is the natural center of recreational activity for the east Illinois Valley area.

#### THEATRE FACILITIES ---

Two modern theatres furnish entertainment daily to the people of Jacksonville's community area, bringing first run pictures to this city in many cases before they are shown in cities of greater size. Other entertainment in theatres is furnished through school and club organizations throughout the year.

Adults and children, of all creeds, may enjoy Jacksonville's recreation opportunities. The park is open to all, is constantly policed, and under trained supervisors. Truly, the people of Jacksonville's community area, can find every type of entertainment in Jacksonville, "City of Service."

## The Modern Servant

Your electric bill is really the measure of the time you have saved and the fatigue you have escaped. Many times when your electric bill takes a large place in your household budget, it drives a still larger expense out of the budget. Your electric refrigerator and range save food, your vacuum cleaner spares your carpet, your washer deals gently with clothes and prolongs their life. REMEMBER, the more Electricity you use the less it costs per kilowatt hour. Every new use reduces the average cost per unit while shouldering an increasing amount of your household drudgery.

**HOPPER'S  
SHOE STORE**

Established 1867

**New Styles in Furnishings  
Are Constantly on Display  
At Popular So. Main Store**

Nationally known lines of home furnishings from every part of the country are brought to the people of Jacksonville and its community trading area, at the lowest possible cost, through the Gustine's Furniture & Rug Company. This popular store is located at 229-233 South Main street. C. C. Gustine, proprietor, in commenting on the store's policy in serving the people in this great territory, says:

"We are proud to say that we have always sold only high quality merchandise. The public has been the judge of the success of our policy in this respect. We are grateful for the patronage that has given us such splendid growth for the past four years. I am sure that quality furniture is what most people want, and am happy to say that the response to our offers of such merchandise has always been satisfying, and convincing, too."

Gustine's insist that the customer who enters the store is given every courtesy, and shown throughout the store as he or she desires. The matter of sales service receives much stress, and everyone visiting the showrooms is made to feel at home, and to take as much time as necessary in making selections, or in inspecting merchandise on display.

**Lines Featured**

Among the nationally known lines may be found such names on furniture as Kroehler, Sellers, Kitchen-Kook, Monogram, Estate Heatrola, Congoleum and Grunow.

In living room furnishings Gustine's have the well known line of Kroehler suites, made in hundreds of styles. Other living room suites are handled from Grand Rapids, the furniture center of the country, and Jamestown, N. Y.

Bedroom suites from Grand Rapids and Jamestown, with all the new modernist styles included, are on display.

Dining room outfits are featured from Rockford and Grand Rapids lines.

Kitchen furniture receives a great deal of attention at Gustine's. The principal line featured is the famous Sellers' Kitchen Cabinets and Furniture. This includes breakfast sets and utility cabinets in addition to the kitchen cabinets.

The Famous "Chambers" Gas range, the stove which "Cooks with the gas turned off" is a featured number. These are made in a variety of beautiful styles. "Kitchen-Kook" gasoline pressure stoves have become one of the most popular types and are sold at the Gustine store.

Among the range lines are the well known "Monarch Mailleable" which is a coal and wood stove, and the "Monogram" range.

In home heaters, the fine "Fireside Monogram" circulating heaters and "Estate Heatrola" are featured lines.

"One Minute" washing machines, one of the most popular lines in home appliances, are always on display.

In the bedding department are shown the Burton-Dixie and Simmons lines, which include mattresses, springs, metal beds, metal furniture and a complete line of studio couches.

In rugs, Gustine's show the nationally known and famous French Wilton line. Others displayed are brought from every large and well known mill in the country. Congoleum, Armstrong's, Sloane's and Blabon rugs are shown in the felt base lines.

**Grunow Refrigerators Shown**

Grunow, the refrigerator with the safe Carrere refrigerant, is an exclusive line at the Gustine store. Several beautiful models are shown in this line.

In addition to the refrigerators, the Grunow line includes the "World Cruiser" radio. On this radio, an automatic signal beacon tells you when you have reached a foreign station. All these radios are beautiful in design.

## VOTE RETURN OF PASTOR TO M. E. CHURCH IN GREENE

Rev. M. I. Johnson Chosen for  
Fifth Year at Carrollton

Carrollton, Aug. 10.—The board of directors of the local Methodist Episcopal church met Wednesday evening at the church for the purpose of naming the minister for the coming year and to fix the salary to be paid him. After reports of the past year were gone over and found very satisfactory, the present pastor Rev. Melbourne I. Johnson, was chosen for his fifth consecutive appointment.

Mr. Johnson has not only made a very good pastor for his own congregation, but has made a large number of friends who are members of other churches in this section who will be glad to know that he is to be retained for another year. His program for next Sunday is: Bible school, 9:30 a.m. Morning worship, 10:45 a.m. Sermon by Rev. M. I. Johnson, subject "Real Strength." The pastor advises the members that it is only a short time until conference and asks all who are in arrears on their pledges to please see the church treasurer at once.

### Church Notes

At the First Baptist church, Rev. W. D. Thomas, pastor, the program for Sunday is: 9:30 a.m. Sunday school, 10:45 a.m. morning worship. Sermon by Rev. Thomas. Subject: "The Unchangeable Promise." 6:30 p.m. Pioneers. 7:30 p.m. evening service. Sermon, "The Cure for the Blues."

Presbyterian church, A. E. Van Schok, pastor. Sunday school. No church service until further notice. Christian Endeavor at 6:30 p.m.

Christian church, W. Marion Rowlen, minister. Church school at 9:30 a.m. Morning worship at 10:30 a.m. Theme, "Glad in the House of God," by Rev. Rowlen.

Assembly of God church. Sunday school at 9:30 a.m. Morning worship at 10:45 a.m. Sunday evening evangelistic service at 7:45. Tuesday, Aug. 14, prayer meeting at 7:45 p.m. Pastor Evangelists, Amelia and Catherine Scheve.

### News Notes

Mr. and Mrs. Thomas Carmody and children are spending this week in St. Louis.

Mrs. Mary Arnold, who with the exception of four years that the family spent in St. Louis many years ago, has resided in Roodhouse forty-four years will break up housekeeping about the middle of September and go to St. Louis to make her home with her daughter and son-in-law Mr. and Mrs. A. E. Puis.

**Retired Captain Here**

Mr. and Mrs. Jacob Tendick arrived home Wednesday afternoon from a months sojourn in the west, accompanied from San Diego, California by Mrs. Tendick's brother, Capt. Henry Baptist, a retired officer of the U. S. Marines. The trip from San Diego was up to Mt. Vernon and Arlington cemetery where she visited at the grave of the Unknown Soldier, arriving home this week.

Mrs. Mary Arnold, who with the exception of four years that the family spent in St. Louis many years ago, has resided in Roodhouse forty-four years will break up housekeeping about the middle of September and go to St. Louis to make her home with her daughter and son-in-law Mr. and Mrs. A. E. Puis.

**Mr. and Mrs. J. Edward Akers and Miss Margaret Boston of Roodhouse accompanied by Mr. and Mrs. Ralph Akers of Cleveland, Ohio, drove to Springfield Friday. Mrs. J. Edward Akers and Miss Boston to remain attending the fair school. Mrs. Akers will be honor student for the session.**

## MISS HELEN BLOHM HONORED AT PARTY

(Continued from Page One)

happily still dodging high temperatures. Governor C. W. Bryan appealed to all farmers to keep all roughage and hay inside the state for the winter. Detroit had a clear, cool day; Iowa weather settled back in the high 70's.

New York was promised cooler weather and a respite from the excessively high humidity. A severe rainstorm cooled Pittsburgh, with an inch of rain in 45 minutes.

Miss Blohm was presented with a lovely gift from her friends. Prizes were awarded to Helen Blohm, Doris Keene, Otto Stinson and Leil Kramer.

Those present were Mary Dugan, Mildred Dugan, Audrey Pitt, Elizabeth Blohm, Doris Blohm, Pauline Crapp, Doris Keene, Otto Stinson, Clarence Unland, Clarence Hiles and Leil Kramer.

Relief from the intense heat of the past few days, which ranged as high as 102 degrees, resulted last night when this vicinity had the best rain of the summer. The rain fell about 8:30 p.m. accompanied by a high wind which did much to cool the atmosphere. Beardslawn had a rain fall of .67 of inch up until 7 a.m. Saturday morning.

## 4.35 INCHES REPORTED AT VINCENNES

William Kitter, son of Mrs. Margaret Kitter, 720 West College avenue and Miss Margaret Cockin, daughter of Thomas Cockin, 412 North Church street, were united in marriage last evening in a ceremony performed by the Central Christian church parsonage at eight o'clock. Dr. M. L. Fornung, pastor, officiated.

The couple was attended by Miss Eddie Spencer, who is quite ill.

Mrs. Alfred Edwards was hostess to her sewing club Friday afternoon. A social time was enjoyed and refreshments were served by the hostess Mrs. Jean Smith in Jerseyville.

The next meeting will be in September at the home of Mrs. L. A. Crause.

**CELEBRATE ANNIVERSARY**

Havana, Aug. 11.—Cuba celebrates the first anniversary of the overthrow of Gerardo Machado tomorrow, and the Cuban army under Col. Fulgencio Batista has been ordered to be in readiness to suppress rebellious outbreaks.

Communists have been circularizing the island calling for a revolution as an annual celebration, but Colonel Batista said he could cope with any situation.

Employees of the Cuban post office went on strike during the day, paralyzing the government's mail and telegraph systems. The employees demanded three months' back pay and the dismissal of executives who had been allied with Machado's administration.

Possessed of this knowledge, packages of needed garments will be arranged and ready for distribution the first of September.

The annual picnic of the Rosedale Methodist church has been scheduled for the 23rd of August. A chicken and fish fry will furnish points of interest. Music will be furnished by the Rosedale church orchestra.

A negro wedding is scheduled for the program to be following by a show will be a feature.

The committee in charge of the program consists of Rev. Henry Heyer, pastor of the church, Mrs. Robert Stafford, Charles Isringhausen and Miss Cora Wedding.

Miss Dorothy Raines is entertaining her niece, Miss Raines of Chicago, at her home here this week.

## CARRYOVERS OF GRAIN SMALL

By John P. Boughan  
Associated Press Market Editor  
Chicago, Aug. 11.—(P)—Rapid curtailment of prospective world bread-stuff supplies apparently indicate a distinct likelihood that July 1, 1935, carryovers will be too small for comfort.

Leading unofficial grain trade authorities said today the swing from burdensome surpluses in an expected thin excess of world supply over demand has come suddenly owing to big shrinkage of European crops as well as to severe crop shortages in North America and Australia, with the Argentine outlook at present not more than fair. The United States government's newest crop report is asserted to confirm the scantiest wheat yield in this country since 1926, exclusive of considerable additional damage done by drought and abnormal heat since Aug. 1, with domestic winter wheat areas not generally in shape for preparation of another crop.

Largely as a result of critical prospects for future supplies, the Chicago wheat market this morning compared to one week back showed 64¢-84 cents a bushel jump, with corn 84¢-94 up, oats 64¢-84 advanced, and provisions 52 cents to 62 cents dearer.

A burning question today was whether the sharp rise in wheat values had not at least partly discounted conditions for the time being. It was pointed out by one of the foremost market experts that there had been comparatively little short selling of late, and that consequently there were increased chances for speculative air pockets to develop with any lull in general purchasing. The statement was added that wide fluctuations in prices were likely in this kind of a market.

Among many corn traders, belief prevails that even widespread immediate rains would not result in any great improvement of the corn crop outlook other than causing ears to fall to a better degree. Oats and rye follow almost every fluctuation of the sister cereals.

Provisions are especially sensitive to behavior of the corn market.

## St. Louis Grain Futures

St. Louis, Aug. 11.—(P)—Wheat futures closed irregular on the Merchants Exchange today.

Sep.-ember wheat opened 5 cents lower and closed unchanged. December wheat opened 41 cents lower and closed 1 cent lower. Cash red wheat was 4¢-6¢ cents lower. Receipts, 21 cars.

## GRAIN PRICES TAKE NOSEDIVE

By John P. Boughan,

Associated Press Market Editor.  
Chicago, Aug. 11.—(P)—Rapid curtailment of prospective world bread-stuff supplies apparently indicate a distinct likelihood that July 1, 1935, carryovers will be too small for comfort.

Leading unofficial grain trade authorities said today the swing from burdensome surpluses in an expected thin excess of world supply over demand has come suddenly owing to big shrinkage of European crops as well as to severe crop shortages in North America and Australia, with the Argentine outlook at present not more than fair. The United States government's newest crop report is asserted to confirm the scantiest wheat yield in this country since 1926, exclusive of considerable additional damage done by drought and abnormal heat since Aug. 1, with domestic winter wheat areas not generally in shape for preparation of another crop.

Largely as a result of critical prospects for future supplies, the Chicago wheat market this morning compared to one week back showed 64¢-84 cents a bushel jump, with corn 84¢-94 up, oats 64¢-84 advanced, and provisions 52 cents to 62 cents dearer.

A burning question today was whether the sharp rise in wheat values had not at least partly discounted conditions for the time being. It was pointed out by one of the foremost market experts that there had been comparatively little short selling of late, and that consequently there were increased chances for speculative air pockets to develop with any lull in general purchasing. The statement was added that wide fluctuations in prices were likely in this kind of a market.

Among many corn traders, belief prevails that even widespread immediate rains would not result in any great improvement of the corn crop outlook other than causing ears to fall to a better degree. Oats and rye follow almost every fluctuation of the sister cereals.

Provisions are especially sensitive to behavior of the corn market.

## Chicago Livestock

Chicago, Aug. 11.—(P)—(U. S. Dept. Agr.)—Cattle 1,000 commercial, 1,000 government; compared Friday last week: Better grade steers and yearlings steady to 25 cents lower, choice kinds all weights closing steady; lower grades fully 25 cents lower, choice kinds all weights closing steady; heavy steers and supply long fed lights small, although rank and fat steer crop comprised light cattle, early advance in yearling heifers lost but all lower grade heifers sold relatively high; all cows closed unevenly lower than week's high time, but still higher than pre-strike markets; bulls 25 lower, and yearlings 5¢ higher; cows and replacement cattle very scarce and not many strictly grass killing steers in run, these selling mostly at \$2.25 to \$5.00; most fed steers and yearlings \$6.00-8.50; choice offerings all weights \$6.00 upward, with top heavies at \$9.50; light \$9.15; long yearlings \$8.90; heifer yearlings \$7.50.

Sheep, 5,000; for week ending Friday 23 double from feeding stations, 13,500 direct; compared Friday last week: fat lambs and yearlings around 75 cents higher; sheep and feeding lambs 25 cents and more up; week's top native lambs \$7.75, highest in four weeks; late trade reactionary with finishing bulls at 27.25-50, best available weaners \$7.00; week's bulk weaners \$6.50-7.00; offers on most range offerings ranging from \$3 to 66 per cent, top, \$4.16, yearlings \$6.00; bulk \$5.50-6.10; slaughter ewes \$2.00-75; feeding lambs \$5.50-85.

Hogs, 6,000, including 3,500 direct; market steady with Friday's top \$2.40; few early sales at \$2.50 down; pigs \$2.50 and packing sows \$4.50 down; shippers took 200 and sold mostly holdover 1,000.

## Today's Almanac:

August 13

1851-Felix Adler, American educator, born at Alzey, Germany.

1898-Gen. Merrit takes Manila.

1934-Whirlwind Congressional campaigns sweep country as thousands yawn.

Mr. and Mrs. Raymond Brainer and son of this vicinity and Mr. and Mrs. Floyd Goodpasture and daughters Helen, Esther, and Mary Joan, of near Concord were Sunday afternoon visitors at the home of Mr. and Mrs. Wall Mason.

William Jumper received word Monday of the death of his brother, Samuel Jumper of Jacksonville. Funeral services were held Wednesday afternoon at the A. G. Cody Funeral Home in Jacksonville.

Several from this community attended the charivari for Sheriff Fletcher Blackburn and wife which was given at the home of Mr. and Mrs. Paul Reid of the Ebenezer neighborhood Tuesday evening.

Mr. and Mrs. Charles Illias and son, Gilmore, and Mrs. Anna Bridgeman attended the Brunk-Wells reunion at Nichols park Sunday.

Richard Standley spent several days last week with his son, Marvin Standley and family.

Mr. and Mrs. Harold McGinnis and family spent Sunday evening with Mr. and Mrs. Floyd Goodpasture and family of near Concord.

Mr. and Mrs. Lloyd Ogle and family moved their household goods to Ashland last week.

Anita Yvonne Ommen, infant daughter of Mr. and Mrs. Melvin Ommen of Arenzville, passed away Friday morning at nine o'clock at Our Saviour's hospital in Jacksonville. The child was born Sunday morning. Funeral services were held Friday afternoon at the Simpson Funeral home at Arenzville with the Rev. D. F. Tonn, pastor of the Lutheran Trinity church, officiating. Interment was in the Lutheran cemetery.

**MARTIN FAMILY REUNION**

WILL BE AUGUST 10

The annual reunion of the Martin family will be held on Sunday, August 10, at Nichols park in this city.

## Condition of Storm Victim is Critical; Wind Damage Checked

The condition of Miss Lucille Coulitas, who was so badly burned in an automobile accident Friday night, remains unchanged as it was reported at Passavant hospital this morning, little hope being held for her recovery. Miss Coulitas is the daughter of Mr. and Mrs. Chester Coulitas of Winchester.

## Mason Home At Lynnville Hit by Storm

### Buildings Destroyed; Trees Are Blown Down

The storm Friday night did considerable damage at the farm home of Mr. and Mrs. Henry Mason, a mile east of Lynnville. The wind wrecked a large chicken house, built in three sections, and hurled it among the trees in the orchard, destroying several trees and killing a number of chickens. Other fruit trees were broken off at the ground by the force of the wind.

The large door on the barn was wrenched from its hinges and carried into the potato patch where it was demolished. An implement shed was twisted from its foundations. A hog shed was unroofed, and four small hog coops were scattered about the farm.

Eight window lights were broken in the family residence, and the interior of the house was drenched with rain and spattered with hail. The family fled to the basement, and no one was injured. A large tree in the grove was badly maulled and dismembered, and much of the shade on the farm was destroyed.

### YOUNG FAMILY HOLDS REUNION AT FLORENCE

The fourth annual reunion of the members of the Young family was held recently at Florence, on the Illinois river, in the order of a fish fry.

During the afternoon a business meeting was conducted and the group voted to hold their reunion next year at Monument Park in Winchester. The following new officers were named for the ensuing year: president, Harry Glassop; Winchester; secretary, Ruby Young; Jacksonville; program committee, Mrs. Norah King; Winchester.

The following entertainment was presented during the afternoon:

Vocal numbers—Bobby and Billy Sandberg.

Musical numbers—Mr. and Mrs. Roy Sandberg.

Recitations—Richard Edward and Carroll Houston.

Those attending the gathering were: Mr. and Mrs. F. S. Thomas, Hannibal, Mo.; Mrs. Sally B. Page, Louisiana, Mo.; Mrs. Mollie Overton, Mr. and Mrs. Orval Andrus and son, Mrs. Laura Pfenniger of Alsey, Mr. and Mrs. G. C. Smith, Ada Overton, J. J. Overton, W. E. Overton, Mr. and Mrs. J. G. Overton, Mr. and Mrs. J. Cleve Overton and sons, Charles and Paul Dean, Mr. and Mrs. Walter Glassop, Mr. and Mrs. J. R. King, Mrs. Bella Freesen, Mr. and Mrs. Floyd Stiles and children, Bobby, Dorothy and Dick, Mr. and Mrs. J. W. Overton, Mr. and Mrs. Lee Overton and children, Richard Lee and Marianne, Luther Hornbeck, Emma Hornbeck, Mr. and Mrs. H. L. Glassop and son, Bobby, Mr. and Mrs. Donald Houston and children, and William Redshaw, all of Winchester; Mr. and Mrs. Otis Denison, Pittsfield; Mr. and Mrs. Ed French and daughter, Clara, and Mr. and Mrs. M. E. French of Milton; Mr. and Mrs. Tom Glassop and Mr. and Mrs. Frank Reid, Murryville; Mr. and Mrs. Jess Marsh, Mr. and Mrs. James Bartlett, and Mr. and Mrs. James Marsh, Roodhouse; Mr. and Mrs. Tom Young and Mr. and Mrs. Mc Young, Jacksonville.

### JAMES N. ORMAN NAMED TO OFFICE AT NEW YORK MEET

James N. Orman, a member of the faculty at the Illinois School for the Deaf, was nationally honored recently when he was elected first vice-president of the National Association of the Deaf at its annual convention held in New York City.

The membership of the association totals approximately five thousand, and it is remarkable that a local man should receive such wide recognition for outstanding work in behalf of the deaf.

### IN CIRCUIT COURT

Four groups of defendants were named by Shurtleff College of Alton here Saturday morning in a series of foreclosure suits filed at the Morgan County Circuit court office.

The suits, entitled the Trustees of Shurtleff College, a Corporation, named George F. Brown, Lyla M. Brown and Russell Workman; Effie L. Cox, Bert Cox, William McNamara, et al; Lulu M. Self, Marion S. Self, et al; and Jessie W. Whorton, Walton and Company, et al, as defendants.

Earl Mortimer of Woodson was a business caller in Jacksonville yesterday.

## Farm Bureau Picnic to be Held in Cass

### Annual Gathering To Be Next Friday Near Virginia

Virginia, Aug. 11—Plans are now underway for the annual Farm Bureau picnic which will be held next Friday, August 17th at the Sweatman Grove about three miles west of this city on the Beardstown hard road.

Farm Adviser Guy H. Husted has announced that activities for the day will begin with a horse shoe pitching contest at 10:00 o'clock. A basket dinner will be served at noon.

The afternoon program will consist of short talks by local officers of the Farm Bureau and by district officials.

Mr. and Mrs. R. H. Loomis of this city returned Friday evening from a trip to the World's Fair in Chicago. Previously they had vacationed in the Ozark Mountains of Missouri for a week.

Mr. and Mrs. Ben Gibbs of the Riggston neighborhood were callers in the city Saturday afternoon.

Mr. and Mrs. E. E. Million and their daughter Sally of Muskogee, Oklahoma, are visiting this week at the home of Mr. and Mrs. E. G. Saye on Kentucky street. Mr. Million and his wife are well known in the city, as Mr. Million taught school here for a good many years.

Out-of-town business callers here yesterday included G. L. Rose of White Hall.

R. E. Burgess, familiarly known here as "Slim," returned in company with Ernest Werries, also of this city, from Bluff Springs, Kentucky, where they had been on a business trip.

The evening program will consist of a motion picture on farm life. All members, farmers and friends are cordially invited to attend.

### Notes

Among those from this city who attended the Barnum and Bailey and Ringling Bros. circus in Springfield last night were: Mr. and Mrs. J. H. Massie, Junior Push, Mr. and Mrs. A. W. Morse, J. W. Holtsclaw, Mr. and Mrs. Eugene Brady, Miss Mary Frank, Father V. C. Goyke, Misses Louise and Elizabeth Graves, Herman Widdemer, Theron McClintick, Glen Nickelson, Miss Muriel Brannan and Nick Velton.

Mr. and Mrs. P. E. Morris of Norman, Oklahoma, Mr. and Mrs. J. C. Lightfoot of Littleton, and Mrs. Mary Treadway Gray and daughter Wanda of Estancia, Calif., are guests at the home of Mrs. J. E. Graves, where they were called by the serious illness of Mrs. Margaret Morris.

Mrs. E. J. Whitfield spent Friday with relatives in Havana. Her grandfather, Sanford Cluny, who has been visiting at the Whitfield home returned to his home in that city.

Miss Mary Alice Stuttle of Pocahontas, Arkansas, is a guest at the home of Mr. and Mrs. C. C. Purnell. Mr. and Mrs. Wm. Pierce of Philadelphia, Pa., and Mr. and Mrs. Howard Truax of Camden, New Jersey were recent visitors with Mrs. Nellie Hiles and family.

Mrs. Grace Pehlman of Springfield spent Friday evening with Mrs. Henry Jacobs and family.

Andrew Orniston of Beardstown was a business visitor in this city yesterday.

Plans for the third annual Treadaway reunion are now underway, to be held on the high school campus Sunday, August 19th.

Word was received here today that Mr. and Mrs. Arthur Jokisch and children and Mr. Jokisch's father, Maurice Jokisch, 88 year old pioneer resident, who have been visiting with relatives in Kansas and enjoying a motor trip through Colorado were injured when a tire blew out, causing the car to overturn several times. The extent of the injuries reported that Mr. Maurice Jokisch sustained cuts and bruises, and Mrs. Jokisch sustained a broken collar bone. Other details of the accident were not learned.

Damage to telephone lines would not have been so heavy Friday night had it not been for the storm that wrecked the system July 10. Many cables that were damaged at that time had been repaired temporarily and were not in condition to withstand another onslaught of wind and lightning.

The company had been working since the tornado to get the phones working and expected to make the repairs more permanent later.

**Hit in Dust Storm**

John Ormand, who was driving south on the hard road Friday night, was engulfed so completely in a dust storm which swept off the plowed fields, that Bert Millard, of Murrayville, was unable to see the farmer who resides west of Woodson and who was driving a horse and buggy. Millard's auto, going ahead slowly, struck the rear of the buggy, and Ormand was thrown to the ground. Millard picked up Ormand and rushed him to our Saviour's hospital where an examination revealed bruises. He was released, and went to the home of Jake Hoop, where he remained until Saturday morning when he returned to his home at Woodson. Millard's car was not damaged.

Sergeant George Vasconcellos of the local police department sprained his wrist when he fell from a chair while closing windows at the police station. The wrist was bandaged but was painful yesterday.

Edward Herald, an employee at the post office was cut about the hands and face by flying glass, broken out of his home at 1000 Edgehill road. The wounds were not serious.

Property damage was estimated to run into two or three thousand dollars.

**Lake Rises an Inch**

Long looked for, the rain that accompanied the storm did not put as much water in the lake as was hoped. Rainfall amounted to 2.23 inches, according to a report from the Norbury Co-operative Weather Observatory, but the ground, thoroughly dried by a month of burning sun, gulped up the moisture in huge quantities. The lake rose an inch Saturday morning and had practically stopped rising at noon, according to a report made by George Stoltz, superintendent of the water pumping division.

**VISIT IN WAUKEGAN**

Mrs. Carrie N. Jannopoulos and daughter, Barbara Anne, are visiting at the home of their aunt, Mrs. R. W. Ingalls for a few days.

**FUNERAL NOTICE**

Funeral services in memory of J. W. Davies will be conducted from the Williamson Funeral Home at three o'clock this afternoon. Rev. C. H. Thrall and Rev. Francis E. Smith will officiate. Interment will be made in Walnut Ridge cemetery at Vir-

ginia.

**VISIT NIAGARA**

Mr. and Mrs. Haskell Witham and daughter, Caroline, and Mr. and Mrs. Harry Leadell have returned from a motor trip to Niagara Falls.

**FUNERAL NOTICE**

Funeral services for Charles A. Stoltz will be held at three o'clock this afternoon from the M. P. church at Concord. Burial will be made in the Concord cemetery.

**C. P. HEDRICK**

C. P. Hedrick of Meredosia transacted business in the city Saturday.

## PERSONAL NEWS NOTES

Miss Helen Young, who is regularly employed at the Waddell Department store, is planning to leave today for Peoria on a week's vacation. After visiting friends there, she will go to Ashland, where she will stay with some of her relatives.

Charles Watson of Woodson was a business caller in Jacksonville yesterday afternoon.

A. B. McKinney and his daughter of Lynnville were callers in the city Saturday evening.

Miss Juanita Coulas of the Point neighborhood was in the city yesterday to shop.

Meredosia business visitors in Jacksonville yesterday included John, Lawrence and Albert Fricke.

Mr. and Mrs. Clarence Muehhausen and Mr. and Mrs. John R. Middendorf left yesterday on a motor trip to Missouri. They plan to be gone three or four days.

Mr. and Mrs. Ben Gibbs of the Riggston neighborhood were callers in the city Saturday afternoon.

Mr. and Mrs. E. E. Million and their daughter Sally of Muskogee, Oklahoma, are visiting this week at the home of Mr. and Mrs. E. G. Saye on Kentucky street. Mr. Million and his wife are well known in the city, as Mr. Million taught school here for a good many years.
